RE: Disposal of Soil Cuttings
357 Marshall Avenue, St. Louis, Missouri

Dear Mr. Barry:

Wellington Environmental Consulting and Construction, Inc. (WECC) was retained by you to dispose of two (2) drums of soil cuttings from the referenced property. The non-hazardous soil cuttings were generated during a previous Phase II Subsurface Investigation conducted by WECC for you.

During the recent flooding, these drums were swept away from your property. It is our understanding that the U.S. Environmental Protection Agency (EPA) assisted in the collection of these and many drums belonging to others.

These two (2) non-hazardous, non-RCRA drums were disposed of through Illini Environmental of Caseyville, Illinois. Please see the attached Non-Hazardous Waste Manifest for these drums.

WECC is sending a copy of this letter, and the attached manifest, to Mr. Heath Smith of EPA to notify him that the waste has been appropriately disposed. If you have any questions, please feel free to contact me by telephone at 314-644-4930 or by email at jrobb@environmentalcare.com.

Sincerely,
WELLINGTON ENVIRONMENTAL
CONSULTING AND CONSTRUCTION, INC.

Jackie Robb, CHMM
Vice President, Environmental Engineering Services

JRR/

Cc: Mr. Heath Smith, EPA
